

`each_limit`

```
graph LR; A[each_limit] --> B[GuzzleHttp\Promise\Each\ofLimit]
```

A diagram showing a mapping from the `each_limit` function to the `GuzzleHttp\Promise\Each\ofLimit` class. A grey box on the left contains the text `each_limit`. A blue arrow points from this box to a white box on the right. The white box contains the text `GuzzleHttp\Promise\Each\ofLimit` in two lines.

`GuzzleHttp\Promise
Each\ofLimit`
