

__construct

setBarcode

barcode_pharmacode

```
graph LR; A[__construct] --> B[setBarcode]; B --> C[barcode_pharmacode];
```

The diagram illustrates a sequence of three method calls in a horizontal flow. The first box, labeled '__construct', is white with a black border. A blue arrow points from its right side to the second box, labeled 'setBarcode', which is also white with a black border. Another blue arrow points from the right side of the second box to the third box, labeled 'barcode_pharmacode'. This third box is shaded gray with a black border, indicating it is the final step in the sequence.
