

get\_element

```
graph LR; A[get_element] --> B[entities_decode]
```

A flow diagram consisting of two rectangular boxes connected by a blue arrow. The left box is white with a black border and contains the text 'get\_element'. The right box is gray with a black border and contains the text 'entities\_decode'. A blue arrow points from the right side of the first box to the left side of the second box.

entities\_decode
