

browserPostAction

httpPost

shareResource

```
graph LR; browserPostAction --> shareResource; httpPost --> shareResource;
```

The diagram illustrates a dependency or flow where two actions, 'browserPostAction' and 'httpPost', both point to a 'shareResource'. 'browserPostAction' is located at the top left, 'httpPost' is below it, and 'shareResource' is on the right. Blue arrows indicate the direction of the flow from the left boxes to the right box.
