

getFromDBForTarget

```
graph LR; A[getFromDBForTarget] --> B[getTable]
```

The diagram consists of two rectangular boxes connected by a horizontal blue arrow. The left box is filled with a dark gray color and contains the text 'getFromDBForTarget'. The right box is white with a thin black border and contains the text 'getTable'. The blue arrow points from the right side of the gray box to the left side of the white box.
