

Printer\removeFromTrash

Software\removeFromTrash

restore

```
graph LR; A[Printer\removeFromTrash] --> D[restore]; B[Software\removeFromTrash] --> D;
```

The diagram illustrates a process flow where two distinct paths, 'Printer\removeFromTrash' and 'Software\removeFromTrash', both lead to a single 'restore' operation. The paths are represented by white rectangular boxes with black borders, and the 'restore' operation is represented by a gray rectangular box. Two blue arrows originate from the right side of the 'Printer\removeFromTrash' box and the right side of the 'Software\removeFromTrash' box, both pointing towards the 'restore' box.
