

prepare

```
graph LR; A[prepare] --> B[getTypesFieldName]
```

The diagram consists of two rectangular boxes connected by a horizontal blue arrow. The first box on the left is white with a black border and contains the text 'prepare'. The second box on the right is gray with a black border and contains the text 'getTypesFieldName'. The arrow points from the right side of the first box to the left side of the second box.

getTypesFieldName
