

getPluginInfo

```
graph LR; A[getPluginInfo] --> B[getPluginName]
```

The diagram consists of two rectangular boxes connected by a horizontal blue arrow. The left box is white with a black border and contains the text 'getPluginInfo'. The right box is gray with a black border and contains the text 'getPluginName'. The blue arrow points from the right side of the first box to the left side of the second box.

getPluginName
