

setTranslator

```
graph LR; A[setTranslator] --> B[setTranslatorTextDomain]
```

The diagram consists of two rectangular boxes connected by a blue arrow. The left box is filled with a dark gray color and contains the text 'setTranslator'. The right box is white with a dark gray border and contains the text 'setTranslatorTextDomain'. A solid blue arrow points from the right side of the left box to the left side of the right box, indicating a directional relationship or mapping between the two terms.

setTranslatorTextDomain
