

checkCSRF

```
graph LR; A[checkCSRF] --> B[validateCSRF]; B --> C[cleanCSRFTokens]
```

The diagram illustrates a three-step process for handling CSRF tokens. It begins with a box labeled 'checkCSRF', which is shaded gray. A blue arrow points from this box to a white box labeled 'validateCSRF'. Another blue arrow points from 'validateCSRF' to a final white box labeled 'cleanCSRFTokens'. All boxes have a thin black border.

validateCSRF

cleanCSRFTokens
