

Certificate\post_updateItem

Domain\post_updateItem

cleanAlerts

```
graph LR; A[Certificate\post_updateItem] --> C[cleanAlerts]; B[Domain\post_updateItem] --> C;
```

The diagram illustrates a data flow or dependency. On the left, there are two white rectangular boxes with black borders. The top box contains the text 'Certificate\post_updateItem' and the bottom box contains 'Domain\post_updateItem'. Two blue arrows originate from the right side of these boxes and point towards a single gray rectangular box on the right. This gray box contains the text 'cleanAlerts'. The arrows indicate that both 'Certificate\post_updateItem' and 'Domain\post_updateItem' are inputs or sources for the 'cleanAlerts' process.
