

getValueWithUnit

```
graph LR; A[getValueWithUnit] --> B[Toolbox\getSize]
```

A diagram showing a mapping from the text 'getValueWithUnit' to 'Toolbox\getSize'. The text 'getValueWithUnit' is contained within a gray rectangular box with a black border. A blue arrow points from the right side of this box to the left side of another rectangular box. This second box is white with a black border and contains the text 'Toolbox\getSize'.

Toolbox\getSize
