

memzero

```
graph LR; A[memzero] --> B[ParagonIE_Sodium_Core_Util\declareScalarType];
```

A diagram illustrating a function call. On the left, a gray rectangular box contains the text 'memzero'. A blue arrow points from this box to a larger white rectangular box on the right. The white box has a black border and contains the text 'ParagonIE_Sodium_Core_Util\declareScalarType'.

ParagonIE_Sodium_Core
_Util\declareScalarType
