

Cartridge\post_addItem

Consumable\post_addItem

getItemsAssociatedTo

```
graph LR; A[Cartridge\post_addItem] --> C[getItemsAssociatedTo]; B[Consumable\post_addItem] --> C;
```

The diagram illustrates a relationship where two methods, 'Cartridge\post_addItem' and 'Consumable\post_addItem', both point to a common method 'getItemsAssociatedTo'. The arrows indicate a flow or association from the left-hand methods to the right-hand method.
