

addExtension

```
graph LR; A[addExtension] --> B[getExtension]
```

The diagram consists of two rectangular boxes connected by a horizontal blue arrow. The left box is filled with a dark gray color and contains the text 'addExtension'. The right box is white with a dark gray border and contains the text 'getExtension'. The blue arrow points from the right side of the 'addExtension' box to the left side of the 'getExtension' box.

getExtension
