

getCssGradient

```
graph LR; A[getCssGradient] --> B[makeGradient]; B --> C[darken];
```

A horizontal flowchart with three rectangular boxes. The first box on the left is white with a black border and contains the text 'getCssGradient'. A blue arrow points from the right side of this box to the left side of the second box. The second box in the middle is also white with a black border and contains the text 'makeGradient'. Another blue arrow points from the right side of this box to the left side of the third box. The third box on the right is gray with a black border and contains the text 'darken'.

makeGradient
