

ExceptionInterface

```
classDiagram
    class ExceptionInterface {
    }
    class EmptyRow1 {
    }
    class EmptyRow2 {
    }
```

The diagram shows a UML class for 'ExceptionInterface'. It is represented as a rectangle divided into three horizontal compartments. The top compartment contains the class name 'ExceptionInterface'. The middle and bottom compartments are currently empty, representing areas for attributes and methods respectively.
