

Sabre\DAV\CorePlugin  
\initialize

Sabre\DAV\TemporaryFileFilter  
Plugin\initialize

on

```
graph LR; A[Sabre\DAV\CorePlugin<br/>\initialize] --> D[on]; B[Sabre\DAV\TemporaryFileFilter<br/>Plugin\initialize] --> D;
```

The diagram illustrates a flow where two separate initialization processes converge on a single state. The top box, labeled 'Sabre\DAV\CorePlugin \initialize', and the bottom box, labeled 'Sabre\DAV\TemporaryFileFilter Plugin\initialize', both have blue arrows pointing towards a gray box on the right labeled 'on'.
