

toInt

```
graph LR; A[toInt] --> B["Brick\\Math\\Exception<br/>\\IntegerOverflowException<br/>\\toIntOverflow"]
```

The diagram consists of a small gray box on the left containing the text 'toInt'. A blue arrow points from this box to a larger white box on the right. The white box contains three lines of text: 'Brick\\Math\\Exception', '\\IntegerOverflowException', and '\\toIntOverflow'.

Brick\\Math\\Exception
\\IntegerOverflowException
\\toIntOverflow
