The diagram illustrates a dependency or data flow. Three source boxes on the left, each containing a network-related command, have blue arrows pointing to a single target box on the right. The target box is shaded gray and contains the command 'getWifiCardModes'. The source boxes are white with black borders and contain the following text: 'NetworkPortWifi\getSpecific ValueToDisplay', 'NetworkPortWifi\getSpecific ValueToSelect', and 'NetworkPortWifi\showInstantiationForm'.
