

configure

```
graph LR; A[configure] --> B[validate]
```

The diagram consists of two rectangular boxes connected by a horizontal blue arrow. The left box is filled with a dark gray color and contains the word 'configure' in black text. The right box is white with a dark gray border and contains the word 'validate' in black text. The blue arrow points from the right side of the 'configure' box to the left side of the 'validate' box, indicating a sequential flow or dependency.

validate
