

displayLineGraphFromData

```
graph LR; A[displayLineGraphFromData] --> B[displayLineGraph]
```

The diagram consists of two rectangular boxes connected by a blue arrow. The left box is white with a black border and contains the text 'displayLineGraphFromData'. The right box is gray with a black border and contains the text 'displayLineGraph'. A blue arrow points from the right side of the left box to the left side of the right box.
